  - LOVE the image with the paint/drawn stroke!
  - Make sure his name is spelled correctly (Ryuichi Sakamoto)
  - Maybe underline the "home" or italicize it in the nav to let users know they're on this page
  - I don't know if it's just me but the page is kind of cut off?
- Timeline
  - Structure setup looks good!
- Discography
  - Excited to see what the gallery will look like!
    - Might just be me but I can't see any images at the moment
- Nav Bar
  - The simple underline on the hover states are great especially since they reinforce this line theme that's going on
- I like the idea of having a logo for the page, but I think the paint/drawn stroke gets so small it looks a bit too empty? Maybe something like a fuller swoop into a circle could be seen better
